## NEWS FROM THE PLAYGROUNDS

The City School playground Friday afternoon was a veritable style show. Dolls of all kinds, ages and nationality were to be seen—doll buggies decorated to represent floats and miniature ladies wearing gay hats and dresses. The grounds were thronged with children and parents. The prize for the best exhibit went to Elizabeth Whitley, dressed at Miss America, accompanied by her dolls from many nations, among which were a doll from London, china doll from Paris, Dutch doll from The Hague, Belgium peasant doll, and two Scotch dolls, one wearing the Tartan costume and another the hunting costume. The second prize went to Elizabeth Overby.

Premiums were awarded to the following classes: China Edwina Gary, first; Mary Mulfiner, second; Ella Mae Maher, third; rag doll, Nettie Temple DeJarnett, whose doll was a colored mammy; oldest, first went to Estelle Collins, whose doll was 83 years, second, Mary Lou Hume, whose doll was 80 years old, and third to Miss Belle Ogden, doll aged 65 years; hand-made dolls, first, to Mary Temple Paulkner's doll, made of clothes pins to represent a sailor boy and a Red Cross nurse; second, to Nettie Temple DeJarnett; most unique, first to Nell Cain, whose dolls were one-inch twins, jointed dolls wearing hand-made clothes; foreign, first, Elizabeth Whitley, Lillian Dale, second, Marita Duncan, third, whose doll came from Hawaii; daintiest dressed, Natalie Linville, first, Anna Savage, second, and Edna Mae Doty, third; funniest, first, Clarice Rankin, second, Ora Harp, and third to Florence McCarty.

Furniture: Hand-made, Nell Quinn, first, second, Nettie DeJarnett, third, Marita Duncan; oldest, first, a bureau, age 106 years, exhibited by Elizabeth Whitley; second, cradle, 49 years, Anna K. Savage; third, to Nancy Baldwin, who exhibited a cabinet 40 years old; doll buggy, Natalie Linville, first, Edna Earl Rummans, second, Bourbon McCarty, third. There was also a doll buggy exhibited that was 50 years old.

The Three Bear Books made by the children on each playground were judged and a prize awarded to the best on each playground. Jane Van Pelt, aged 8 years, came first at the City School; A. J. Jarrett, aged 6, from the Brennan playground; and Mae Adams, ten years old, from the Wilson playground. The judges were H. B. Carr, Mrs. Nicholson and Miss Silvers.

The attendance this week has more than doubled the first week. By actual count the attendance was 2,385, but as yet the supervisors are not satisfied and are determined to make the five thousand mark. The City School, supervised by Miriam Galloway, beat the Wilson playground by a narrow margin. Thursday evening the children of the City School entertained the ball team in honor of their victory over the Wilson team. Stories were told by the children and games played, after which delightful refreshments of punch and cake were served. The Wilson playground entertained their team Tuesday night, celebrating their victory over the Brennan team. Only one game will be held this week and that between the Wilson and the City School, Tuesday afternoon on the Wilson playground.

The kindergarten children of the Brennan playground will have a peanut hunt Friday morning and stunt races in the afternoon. The Wilson playground will have their peanut hunt Wednesday morning.

Wednesday afternoon the girls base ball teams of Brennan and the Wilson will play on the Brennan playground. Thursday afternoon a horse shoe pitching contest will be held between all the playgrounds at Brennan playgrounds. The kindergarten children will start making their Mother Goose books. Much interest has been shown in the dolls that were donated by the clubs of Paris to the playgrounds. The children of the City School have named their doll for Jane Adams of the Hull House, in Chicago. The Brennan playground has named theirs for Martha Lawill and the Wilson for Edith Cavell, the martyred Red Cross nurse.

No program has been planned for the Fourth of July, as Community Service does not wish to interfere with the picnic to be held by the Knights of Columbus. Friday evening, July 14, will be stunt night on the Wilson playground and each playground will put on some special stunt. The program will be announced later.

## MATRIMONIAL

### A Record of Dan Cupid's Doings As The Days Go By

**OWENS—JOHNSON**  
—Miss Myrtle Owens and Mr. S. H. Johnson, both of Lair, were married by County Judge Batterton, in his private office in the court house. The bride is a daughter of Mr. and Mrs. David Owens. Mr. Johnson, the bridegroom, is a son of Mr. and Mrs. Jeff Johnson. He is employed on the Louisville & Nashville.

**DAVIDSON—COOK**  
—Miss Dorothy Davidson, of Stamping Ground, and Mr. Russell Cook, of Georgetown, were married in Paris at the home of the officiating minister, Rev. Arthur Fox, pastor of the Baptist church. The bride is a daughter of Mr. and Mrs. Thomas Davidson, of Stamping Ground, and the bridegroom is a son of Mr. and Mrs. Harry Cook, of Georgetown.

**HANLEY—SHEEHAN**  
—The wedding of Miss Winifred Hanley, and Mr. Edward Sheehan, both of Paris, was solemnized at the Church of The Annunciation in this city yesterday morning at six o'clock. Father William O'Hara, pastor of the church, officiated. The attendants were Mr. Frank Sullivan, of Frankfort, and Miss Lucy Campbell, of Paris.

The groom is a contracting plasterer, engaged in business in Paris. The bride is a sister of the late Paul Hanley, and resided on High street.

**WETHERALL—HARRIS**  
—The marriage of Mr. Harold Fisher Harris and Miss Alice Virginia Wetherall, both of Paris, was solemnized Saturday morning, at six o'clock, at the home of the officiating minister, Rev. W. E. Ellis, pastor of the Paris Christian church. The wedding was a quiet one, only the members of the two families being present.

After the ceremony Mr. and Mrs. Harris left on the 10:40 Louisville & Nashville train for Lookout Mountain, Chattanooga, Tenn., for a week's sojourn. On their return they will go to housekeeping at 456 Cypress street.

The bride is the daughter of Mr. and Mrs. John F. Wetherall, of near Paris. She is a refined and highly accomplished young woman, being educated at Sacred Heart College and Notre Dame University, and has been prominent in social and educational circles in Central Kentucky. Mr. Harris is a son of Mrs. Jessie Harris, of Paris, and is an exceptionally popular young man. He is a graduate of the Paris High School and of Transylvania College, in Lexington. He served eight years in the United States Navy. He is at present Secretary of the Paris Commercial Club, acting secretary of the Bourbon County Farm Bureau, and member of the Executive Committee of the Bourbon Post, American Legion.

—The following announcements have been sent out to friends and relatives:

"Mr. John Floyd Wetherall announces the marriage of his daughter, Virginia Alice to

Mr. Harold Fisher Harris on Saturday, the first of July, nineteen hundred and twenty-two, Paris, Kentucky."

**BOURNE—DOUGLAS**  
—The marriage of Miss Laura Catherine Bourne, of Danville, and Mr. A. V. Douglas, of Paris, was solemnized Thursday afternoon at the home of the bride's parents, Mr. and Mrs. J. W. Bourne, on the Shakerstown road, near Danville.

A delightful musical program preceded the ceremony. Mrs. Guy Jones sang in her rich contralto voice, "O Promise Me" and "I Love You Truly." Miss Lula Bates played most artistically a violin solo. Both Mrs. Jones and Miss Bates were ably accompanied by Mrs. Anna Foreman at the piano.

The house was beautifully decorated with ferns and June flowers. The bride and groom came down the stairway, preceded by Dr. Madison A. Hart, pastor of the bride, who performed the impressive ring ceremony. The bride, who is the only daughter of Mr. and Mrs. J. W. Bourne, was charming in a gown of tan georgette, with hat to match, and carried a bouquet of bride's roses and lilies of the valley.

Mr. and Mrs. Douglas left immediately after the ceremony for a trip through the North, after which they will be at home in Paris.

## Y. M. C. A. NOTES

Mr. Basil Hayden, star basket ball player of the University of Kentucky, and one of Bourbon county's finest young men, has been secured by the Kentucky State Y. M. C. A. as camp physical director and swimming instructor for this season at Camp Mammoth Cave. Foster Mitchell, another Bourbon county young man, is in charge of the recreation at Camp Daniel Boone.

The following Bourbon county boys have enrolled for Camp Daniel Boone for the period from July 12 to 26: Jack Brennan, Billy Yerkes, Sol Feld, Eddie Merringer, Sam Margolen, T. J. Pudy, Wm. Talbott, Earl Tapp, Joe Varden, John Webster, Jess Turney and leaders Billy Wilson and Leslie O'Neill.

Indications now are that there will be at least three tents of Bourbon county boys to the camp this year.

Robert McCarthy has been secured as leader for Camp Mammoth Cave, July 26 to August 9. There will probably be one tent full of boys from Mason and Bourbon counties.

## NOTICE TO TAXPAYERS

THE TAX COMMISSIONER'S OFFICE IN THE COURT HOUSE WILL BE OPEN JULY 1, AND THEREAFTER.

BOURBON CO. TAX COM.  
(June 30-4t)

bllett, of Paris, Miss Dottie Douglas, of Paris, daughter of the groom; Miss Fay Action, of Lexington; Mrs. Clarence Withers, of Lexington; Mr. Cecil Arnold, of Lexington; Miss Rebecca Sistrunk, of Lexington; Miss Clarice Harlow, of Louisville; Mrs. J. H. Bourne, of Louisville; and Mr. Cleveland Bourne, of Lancaster.

## BIDDLE—RION

—The marriage of Miss Sena Rion and Mr. M. O. Biddle, both of Paris, was solemnized at eight o'clock Saturday night, at the home of the bride, at Seventh and Walker avenue, Rev. W. E. Ellis, pastor of the Paris Christian church, officiating.

The bride was becomingly gowned in white crepe metier, with chantilly lace, and her bouquet was of bride's roses. The home was beautifully decorated with ferns and cut flowers.

The bride is an accomplished young woman, who has for several years held the position of Cashier in the Chas. S. Goldstein store, at Main and Eighth streets. Mr. Biddle is traveling representative for Rawleigh Company, a proprietary manufacturing concern making headquarters in this city. Both are members of the choir of Paris Christian church, and are prominent socially.

Mr. and Mrs. Biddle left for a month's bridal trip in Indiana. On their return they will go to housekeeping on Twentieth street.

## DAVIS—ARMSTRONG

—The wedding of Mrs. Beverly Jouett Davis, formerly of Paris, and Maj. Francis T. Armstrong, Sixth Field Artillery, U. S. A., was solemnized at 8 o'clock Wednesday evening at the home of the bride's parents, Mr. and Mrs. Edward S. Jouett, on Cherokee Road, Louisville, Kentucky.

The ceremony was performed by the Rev. E. L. Powell before an improvised altar of palms and ferns, which was lighted with tall cathedral candles. The house was decorated with palms, ferns and summer flowers.

Mrs. John Sheridan Winn, formerly Miss Virginia Jouett, was her sister's matron of honor and Major Joseph Grunwald, U. S. A., was Major Armstrong's best man.

The ceremony was followed by a reception. The guests were served at small tables on the lawn in the rear of the home.

Following the ceremony and reception Major Armstrong and Mrs. Armstrong left on their wedding trip and after September 1 will go to Fort Ethan Allen, Vermont, where Major Armstrong will be stationed.

The bride, one of the most charming young women, was a great social favorite during her residence in Paris, where she has a host of warm friends and admirers.

The following announcements have been received by friends and relatives in Paris:

"Mr. and Mrs. Edward S. Jouett announce the marriage of their daughter,

Mrs. Beverly Jouett Davis, to

Major Francis T. Armstrong, on Wednesday, June the twenty-eighth, Nineteen hundred and twenty-one, Twelve hundred and fifty-three Cherokee Road, Louisville, Kentucky."

"At Home after September the fifteenth, at Fort Ethan Allen, Vermont."

Mt. Sterling	5	15	.250

Cynthiana played errorless baseball behind Rorer and Rehkamp in the game at Cynthiana, Thursday with the Paris Mammoths, shutting out their opponents by the score of 3 to 0. The game was full of features. Fast fielding by the Cynthiana outfield robbed Paris of several chances to score. The batteries were: For Paris, Wills and Dugan; for Cynthiana, Rorer, Rehkamp, Willis and McIlvaine. The game went an hour and fifty minutes. Gay umpired.

Lexington undoubtedly has the "hoodoo sign" on Paris. Paris is the only team in the Blue Grass League with a respectful batting average and yet the Parisians are the only team that has not defeated Lexington.

Paris took the scoreless end of a shut-out game in Lexington, Sunday afternoon, when the Studebakers "goosegged" them to the tune of 8 to 0. In the first inning Paris used four pitchers, Lexington taking the starch out of them in the swiftest that followed. This makes the fifth time the Paris aggregation has tried to down the Lexington bunch, coming to grief each time. The old hoodoo still seems to be in good working order. Lexington made six runs in the first inning, and one each in the second and fifth. The four Paris twirlers who made offerings to the Lexington sluggers were Wills, McCord, Miner and Parsons, the latter being a new recruit. The result of Sunday's game puts the Lexington team a game and a half ahead of the Paris team. In Sunday's game Paris played without an error being chalked up against them—but couldn't break the hoodoo. The game lasted an hour and forty-five minutes, and was umpired by Day, who gave satisfaction all around. The game was witnessed by a large crowd of Paris fans.

The Lexington Herald's sporting writer pays tribute in Sunday's paper to two Paris players as follows: "Nippert, the Miami University product who is playing left field for the Mammoths, has played in six games and has hit safely in each one. This is the longest hitting streak extant in the league just now. Miner, the Paris southpaw, didn't look to be a wonder yesterday, and he may not be. But just now he is running a neck and neck race with Monhollen, Lexington's star left hander, for strikeout honors in the league. Miner has whiffed 62 men in 59 innings pitched."

Representatives of the clubs in the Bluegrass League will meet at Cynthiana to-morrow night, for the purpose of taking action on the proposed new three games a week schedule, to take the place of the present schedule, of two games weekly. The announcement was made by President Thos. M. Russell, of Maysville, while in Lexington. If the new schedule is adopted Mr. Russell said, it will probably go into effect on Sunday, July 9. Under the proposed schedule the games would be played on Thursdays, Saturdays and Sunday. Some of the baseball people got their dates mixed and went to Cynthiana last Wednesday night, only to find they were a week ahead of the real date of the meeting. The only difficulty anticipated is to satisfy the Lexington club, which has been holding out for all Sunday games in which the team participates to be played in Lexington.

In reference to the proposed change from two to three games a week, some of the clubs object to the change on the ground that Saturday base ball will hurt small towns in the League. The Lexington team objects to the change, that is, if they are to be deprived of their Sunday games at home. From the past week-day games, Manager Jesse Morton states that the contests on Sunday are the only ones that are paying, and if the club has to lose these games at home it would almost force them to withdraw from the circuit. However, before the schedule can be adopted, unanimous consent of the six clubs must be had which at present looks very doubtful.

A team composed of players selected from the four clubs of the Church League, played a team at North Middletown, Saturday afternoon, winning out by a score of 11 to 9.

## RAILROAD SHOPMEN IN "A WALKOUT"

In obedience to instructions from the leaders of their union, about one hundred and eighty railroad shopmen employed in various branches of the work in the South Paris yards of the Louisville & Nashville, laid down their tools and "walked out" Saturday morning, being a part of the nation wide protest against the wage cut instituted by the Railroad Board at Chicago. The strikers refused to couple the air hose on outgoing trains, but made no other demonstration.

The men on strike are orderly and no trouble is anticipated here. The Louisville & Nashville has placed several guards at important stations in their local territory, as a matter of precaution. The men are taking the situation very philosophically, and their leaders scoff at any intimation of possible trouble. It is their belief that the rail strike will be settled satisfactorily within ten days. Local interest was centered yesterday in the possibility of a call from the meeting at Detroit for the maintenance of way men, trackmen and others to join the ranks of the strikers. A conference of strikers was held Sunday afternoon, at which the situation was thoroughly gone into, but no details were given out for publication.

The strikers are jubilant over the fact that only five of the different branches of the service which went on strike have remained at their work. Opinions differ as to the effect on the running of trains. Railroad officials say there has been no change beyond a delay of a few minutes in the schedule. The strikers, however, claim that the freight service has been crippled, and that no freight trains northbound from Corbin have passed through Paris since Saturday afternoon. It was reported that the five men who refused to walk out Saturday morning had reconsidered, following an interview with a committee of strikers, and had joined their associates, making the strike here one hundred per cent.

A dispatch from Chicago to the afternoon papers yesterday stated: "The six railway shop crafts unions which went on strike Saturday were outlawed by the United States Railroad Labor Board to-day."

"In a formal resolution the board declared that the unions, by their action, forfeited all rights before the board as railway employees and that new organizations of shopmen taking the striking men's jobs should be formed to represent the shop employees in disputes before the board."

## COMMUNITY SERVICE TO GIVE "NEIGHBORHOOD NIGHT"

The Community Service has planned several kinds of entertainments for the summer. One of the most enjoyable will be observed Friday, July 7, and will be known as "Neighborhood Night." The object of this is for the people of different sections of the city to get together, to meet old friends, and to make new ones, in fact, to have a good time generally.

Everyone is invited to come out. Everything is free. In your neighborhood you will be hosts to the visitors, and it is up to you to see that there is a crowd waiting to receive them and to make them welcome.

There will be four stopping places, and the court house will be the starting point. There will be trucks to accommodate those who help to do the entertaining, and there will be music, singing, and different kinds of stunts. At each point one or more of our popular speakers will make short speeches. All who can sing, or who wish to try will meet at the Y. M. C. A. Thursday night at 7:30 o'clock, for rehearsal. Familiar songs will be chosen, and the young people are especially urged to participate.

Remember the meeting place, court house square, Friday, 6:45 p. m., and the stopping places, Nineteenth and Main, 7:00 p. m., Fifteenth and High, 7:30 p. m., Seventh and Walker avenue, 8:00 p. m., Second and Lillstone avenue, 8:30 p. m.

## CLOSED 4TH OF JULY

THE LEADER DEPARTMENT STORE WILL BE CLOSED ALL DAY, JULY 4TH.

## JULY COURT DAY

July court day attracted only a small crowd to the city yesterday, due to weather conditions, and the presence of the "bill collectors," who were very much in evidence. Trading in stock was light, the demand and supply being about equal. Merchants reported their collections for the first day of the new month as very good. Business was on the up-grade, and merchants seemed to view the future with optimism.

## NOTICE TO FORMER SERVICE MEN

Rev. T. S. Smylie, Commander of Bourbon Post, American Legion, calls attention of all disabled ex-service men who are not receiving compensation from the Government, but who should be receiving such compensation; all disabled men whose compensation is not properly adjusted or is not coming regularly; and all men who have complaint to make about their compensation, to report this week to Flournoy Hagan, Adjutant of Bourbon Post, at his office in the First National Bank building, and fill out one of the forms for disabled men.

This is a Statewide campaign on for cleaning up all these cases. Bourbon Post wishes to co-operate with any "buddie" in the effort to straighten out his compensation tangles and will do all it can to help Get in touch right away with Mr. Hagan. Do it today. The delay of a few days may mean that you cannot get your claim in in time. This is of the greatest importance to all disabled ex-service men.

## NEWS OF THE COURTS

In the County Court Saturday morning Judge George Batterton heard evidence in the case of Frank Hanks, of near Millersburg, charged with selling moonshine liquor, and Henry Feeback, of near the same place, who was charged with having liquor in his possession. Hanks was fined \$200 and given a jail sentence of sixty days. Feeback waived examination and was held to the grand jury in the sum of \$500.

A few days ago two men, wearing blue overalls, claiming to be from Mt. Sterling, came to Millersburg. After strolling around the city for a time they asked a man if he knew where they could get some moonshine whisky. They were sent to Feeback, who was then in Millersburg. Feeback is alleged to have told the men that he could get them any quantity desired. The men further stated that they wanted to buy a good still. According to the story Feeback had just what they wanted. They then bought a half-pint from Hanks, and one of the men went with Feeback to inspect the still. When they arrived at the Feeback home it was found that his stock had been previously disposed of, but a deal, it was alleged, was made for purchase of the still. When the two men returned to Millersburg they were arrested by Marshal Linville. The two strangers proved to be prohibition officers.

## EDITORIAL FLINGS

A Paris man says: "All courtship  
is a gamble for high stakes." Yep,  
and the average married life is a  
struggle for high stakes in circumstances  
in which the husband hasn't  
a gambler's chance.

If five years' suspension of license  
to drive an automobile should be  
instituted as the penalty for fast  
driving many husbands would serve  
months to save gasoline and establish  
closer contact between the  
husband and the home.

Thomas A. Edison ascribes his  
ability to work eighteen hours a  
day to wearing loose clothes and  
shoes. The character of one's wardrobe  
may have a bearing upon one's  
ability to work eighteen hours a  
day, but temperament determines  
the ability to do so.

It is said there are more critics to  
the square yard in Paris than in any  
town in Central Kentucky. Why  
should there not be when there are  
more idle brains here than most  
anywhere. They have nothing else  
to do but gossip, and falsify, and  
injure character. Hades is full of  
such people.

There is abundance of proof that  
Kentuckians who cross the Ohio  
river at Louisville to marry in New  
Albany or Jeffersonville are divorced  
in a large number of cases, but  
whether a majority of the contract  
ing parties cross the river moved by  
that information rather than by  
information, records will never reveal.

It has been said that if you will  
attach an automobile up to a rat hole,  
attach a rubber hose to the exhaust  
and start the engine, the gas from  
the exhaust will kill every rat  
which cannot escape from the hole.  
But of course, a rat is small game  
compared with a pedestrian, and  
backing up to a rat hole is poor  
sport compared with driving forty  
miles an hour on a crowded public  
thoroughfare.

Wouldn't this be a real case of  
"shooting the bull?" A Bourbon  
county man becoming angry at a  
refractory bull which had gotten  
loose on the farm and was running  
wild, sent his son out after the animal,  
and then joined in the chase  
with a shotgun loaded with bird  
shot. He took a pot shot at the  
bull just as his son got in the way,  
and the son received the load of  
shot "in the fracas," wherever that  
was.

A Paris man who journeyed to  
Cynthiana last Thursday to witness  
the game between Paris and Cynthiana  
is authority for the following:  
"I had a nice seat in the  
grandstand, with two unusually  
pretty Paris girls as neighbors.  
They were enthusiastic over the  
game, though unfamiliar with its  
details. They applauded every play,  
good, bad or indifferent, and kept  
up a running fire of comment all  
the way through. At one time the  
bases were full, while Paris was at  
the bat. "Oh, isn't that fine?" exclaimed  
one of the girls, "We have  
a man on every base." "Why, dear,  
that's nothing," said her companion,  
"so has the Cynthiana team." And when that 3 to 0 score  
was posted up these girls nearly had  
fainted."

## HORSE RACING IS AN ANCIENT SPORT

How come that 50,000 people,  
each braving the barbed elbows of  
the other 49,999, gather on the  
perspiring lawn at Latonia while a  
band of sleekskinned, fire-orbed  
thoroughbreds rushed madly around  
the beautiful curves of the Milldale  
racing course? How come that  
thousands of men and women in  
East and West and North and  
South wait anxiously for the first  
tidings of that little mile and a quarter  
jaunt across the river from Cincinnati?  
How come that men yell  
and women scream? How come that  
fortunes disappear and instantly  
arise elsewhere? How come that  
newsboys bawl and the headlines  
shriek? How come?

There is that in the thoroughbred  
that makes men do these things.  
His is a power born of the primitive  
instincts of our forefathers and old  
as history itself. Apropos the Latonia  
Special and the thoroughbred,  
says the Horse Association of America:

"Racing began thousands of years  
before Christ among Arabians, to  
determine the fleetest, strongest and  
most enduring horses, the lives of  
their owners often depending thereon.  
Race winners were used thousands  
of years ago as sires and this  
steadily improved Arabian horses.  
Later, the best Arab, Turk and Barb  
stallions were taken to England and  
crossed on the fleetest native running  
mares. History shows that the best  
of progeny was developed and selected  
by racing. The standard of  
admission to the Thoroughbred Stud  
book was originally based solely on  
performance on the turf. Only those  
having a high standard of speed  
strength and endurance were eligible  
to record.

"Thoroughbred blood resulted  
from continual racing and selection,  
each generation showing slight  
improvement over the foregoing. Three  
hundred years of constant, selective  
breeding of mares to the fleetest,  
most enduring sires, gave the thoroughbred  
breed extreme speed, courage,  
endurance and gameness, with  
the result that the breed has been  
used as fountain blood for other  
breeds, namely, American standardbred  
trotter and American saddle horse.

"Thoroughbred blood is infused in  
some measure into Hackney and  
Morgan horses. Thoroughbred is  
now the most used of any hot blooded  
breed for the improvement of  
saddle, cavalry, hunting and polo  
horses.

"Down through the ages the race  
course has been a fiery crucible, in  
which horses possessing the desired  
qualities in the greatest measure are  
separated from those less endowed.  
Successive races are required to  
demonstrate the staying quality and  
endurance of horses.

"There are two things in the world  
which will arrest the attention of all  
men—beautiful women and beautiful  
horses. All the world over men  
watched with interest Saturday's  
race because they have inherited  
from their forefathers this instinct  
to admire the endurance, gameness  
and extraordinary speed of fine  
horses."

## FARM BUREAU FOR BURLEY TOBACCO

The West Virginia Farm Federation  
after an investigation conducted by  
Secretary J. E. McLaughlin, has  
given its endorsement and approval  
to the Association's Marketing system  
and to the movement to sign up the  
burley tobacco crop of West Virginia  
to the Association.

"The Farm Bureau of West Virginia,"  
said Secretary McLaughlin, "has  
made an investigation of the  
Association, with results entirely  
satisfactory. The principles incorporated  
into the organization are thoroughly  
sound and give the tobacco  
growers of this State their first and  
greatest opportunity to sell their tobacco  
in an orderly and businesslike way.  
We heartily endorse this  
Association and urge all farmers who  
grow tobacco to join it as soon as  
possible."

Secretary McLaughlin has been at  
Huntington conferring with Manager  
Clifton Rhodes, of the West Virginia  
field force, as to how the Farm  
Bureau might aid in furthering the  
campaign in that State. In his investigation  
of the Association, Mr.  
McLaughlin came to Lexington with  
C. A. Jackson, a member of the

## WOMEN PLAN CELEBRATION

Plans for a nation-wide observance  
of July 4 were made at the biennial  
convention of the general federation  
of women's clubs, at Chattanooga,  
N. Y., recently. Thousands  
of communities, it is expected, will  
follow the program for service celebration  
outlined by Mrs. Percy V.  
Pennybacker, of Austin, Texas.

Training Child Through Play.  
The soul of the child in his play  
should be trained to that sort of  
excellence in which, when he grows to  
manhood, he will have to be perfected.

## MUST SHOW HOW FUNDS ARE SPENT IN CAMPAIGNS

Sweeping regulations for public-  
ity of campaign contributions are  
provided for in a bill introduced by  
Chairman Andrews, of the House  
Committee on Election of President,  
Vice-President, and members of Congress.

While the bill makes no attempt  
to regulate primary expenditures in  
view of the decision of the Supreme  
Court in the Newberry case that  
such regulation came within the  
province of the States, it would  
limit expenditures by candidates for  
the Senate to \$10,000 and candidates  
for the House to \$5,000, and  
stipulate that no candidate shall  
promise any man a political job in  
exchange for his support.

The name of every person contributing  
\$100 or more would be  
published.

The bill provides that reports  
shall be made by the national committees  
on all political parties, congressional  
campaign committees, associations  
or organizations of every nature,  
kind and description for whatever  
purpose created, organized or  
incorporated, or any subsidiary  
thereof, which shall in two or more  
States influence the result or attempt  
to influence the result of an election  
at which representatives in Congress  
are to be elected.

What is regarded by advocates of  
the bill as a drastic provision provides  
that every provision, firm, association,  
except political committees  
as already provided for, that shall  
expend or promise any sum of money  
or any other thing of value amounting  
to \$50 or more "for the purpose  
of influencing or controlling in two  
or more States the result of an election  
of a Senator or Representative unless  
he or she contribute the same to a  
political committee, shall file a statement  
of the same under oath with the clerk  
of the House of Representatives."

It was explained that this would  
give publicity to individual contributions  
not made through political  
committees and would help to account  
for every dollar spent in any campaign.

## GERMAN FIRMS COLLECT SOUVENIRS FOR YANKS

"Keep souvenirs ready for the  
Americans," is the advice given to  
Berlin, Germany, hotel keepers and  
storekeepers by the Berliner Tageblatt.  
"American tourists are especially  
fond of them."

"It is also noteworthy to keep  
good placards ready to be handed  
out to the hotel guests when they  
leave the hotel. Americans are  
crazy about them and like to have  
them fixed on their trunks and bags  
and suitcases as a sort of recommendation,  
betraying their paying  
capacities."

Numerous German firms already  
prepare collections with the most  
beautiful designs of famous artists  
to satisfy these demands. They all  
speculate on the American's habit  
of buying sets of such placards for  
their collections at home.

## RAIL AND WATER RATES PHILADELPHIA TO SOUTH

Announcement is made by the  
Southern Railway System of the establishment  
of rail and water  
freight service between Philadelphia  
and the South in connection with  
the Inland Steamship Company, via  
Peters Point, the Southern's terminal  
opposite Norfolk.

Rates with the usual differentials  
under the all-rail rates will apply  
on traffic moving via this route between  
Philadelphia and contiguous  
territory on the one hand and points  
in the Carolina, Southeastern and  
Mississippi Valley territories on the  
other.

The Inland Steamship Company  
has a line of self-propelled barges  
with daily service between Philadelphia  
and Norfolk. Freight leaving  
Philadelphia one day will be delivered  
at Peters Point the following  
morning in time for forwarding  
to the South on the Southern's fast  
manifest freight train No. 53.

## 12,578 CHILDREN OF SCHOOL AGE

Reports of school census of more  
than half of the cities and counties  
of the State have been received by  
Superintendent of Public Instruction  
George Colvin and in many instances  
show increases over last year.  
Some of the reports have been  
approved by the Department of  
Education and others are pending.

Jefferson county's report, which  
has not been approved, shows a  
school census of 6,373. Louisville is  
not taking a census this year.

The report of Lexington shows 9,111  
children of school age in the city,  
while Fayette county has 3,467  
making a total of 12,578 children  
of school age in the city of Lexington  
and Fayette county.

Franklin county has a total of 4,395  
children of school age, of which  
1,806 live in the city and 2,589 in  
the county.

Jefferson county has two independent  
districts, Anchorage and Hikes,  
the former having a census  
of 200 and the latter of 277.

Many of the counties have been  
very slow about making the census  
which should have been on file in  
the Department of Education by  
May 31.

## BOARD OF HEALTH MAKES INSPECTION VISIT

Altogether 3,360 inspections were  
made by the two inspectors of the  
State Board of Health's Bureau of  
Pure Food and Drugs in 1922, according  
to Miss Sarah Vance, director  
of the bureau, who has just  
finished tabulation of the work done  
last year.

Some of these inspections were  
made in every county in Kentucky  
with eight exceptions. Two hundred  
and eighty-five communities in  
all were visited by the inspectors.

The kind of places inspected included  
bakeries, bottling plants, dairies,  
groceries, hotels, restaurants, soda  
fountains, slaughterhouses, food  
factories, ice cream plants, produce  
houses and patent medicine factories.  
Fifty-four summer resorts also were  
visited.

The Bureau of Pure Food and  
Drugs will employ a third inspector  
after July 1, Miss Vance said, this  
will permit great extension of its  
usefulness to people of the State.

We are afraid the matter will drop  
entirely out of the newspapers  
before we find out whether Aacna  
Africa is the name of a new soft  
drink or a Balkan general.

## SECOND CROP OF SPUDS WILL BE PLANTED SOON

The planting of Kentucky's second crop of potatoes will begin about July 10, and continue throughout the month, according to A. J. Olney, potato specialist at College of Agriculture. The Bull Moose, Green Mountain and Rural Russett varieties are best planted about July 15 in this State, while early varieties, such as Irish Cobbler and Early Ohio, can be planted as late as August 1, or even later if grown for seed, he said.

Planting the spuds on a piece of soil that has not grown potatoes for two or three years has been found to be a good practice in increasing the average yield. This lessens the possibility of the potatoes becoming scabby. It is advisable to plow the land and do the initial harrowing at least two weeks before planting time.

In order to allow the tubers to get into growing condition, the seed should be taken off storage about two weeks before planting. The best seed pieces are medium sized and free from scurf and scab. Soaking the seed for from one and one-half to two hours before it is cut in a solution made of four ounces of corrosive sublimate and 30 gallons of water mixed in anything but a metal container, is an extra precaution against these diseases. Care is necessary in handling the solution as corrosive sublimate is a deadly poison.

After the seed is dried, it should be cut into blocky pieces having one or two strong eyes and as much of the potato with them as possible. In planting, it is well to remember that freshly manured ground is apt to encourage the growth of scab.

Tests have shown that it is best to drop one seed piece in a place and to space the pieces about ten to fourteen inches apart. From the time that the plants first come through until the tops cover the ground, they should be given thorough cultivation.

## GAINS WEIGHT AND HAS NEVER FELT BETTER

### Railroad Man Says Stomach Trouble

Nearly Made Wreck of Him—Praises Tanlac For His Complete Restoration.

"Tanlac has helped me to gain ten pounds," said J. E. Mowrer, 157 Park street, Akron, O., well-known signal repair man for Pennsylvania Railroad.

"My stomach was in such bad fix that for several days at a time I could hardly retain any food. I had no appetite and often the very sight of food made me sick. I was intensely nervous, too, could not rest at night, felt tired and worn out all the time, and lost weight and strength until I was almost a wreck."

"Tanlac has made me feel like a different man. My appetite is enormous and I never felt better in my life. Tanlac certainly does the work."

Tanlac is sold by all good druggists. (adv)

### THE PRICE OF GASOLINE

"Gas" sold for practically half the price six or eight years ago that it brings to-day. There is an old joke that gas goes up a cent a gallon every time the Rockefeller family gives another benefaction. According to that the Rockefellers must have been very generous in giving away their money during recent years, because in places where gas sold for from 12 to 16 cents before the war the price is now around 28 cents.

There is such a strong suspicion that there is profiteering in gasoline that the United States Senate is going to investigate the situation. Reports from the Geological Survey show that the stocks of gasoline on hand have been large and that the production has been amply sufficient. During the war the stocks were constantly depleted and the production was insufficient to meet the demands. At one time the ushers of fuel oil had a hard time to get their supplies. The results were particularly disastrous to the manufacturers of illuminating gas. While this condition existed the prices kept going up gradually until a figure but little above the customary price of to-day was reached. But there has been but little price reduction; and in consequence the Senate is turning loose the anti-trust cyclone, Senator LaFollette, as its chief investigator.

### PARIS OVERBUN WITH FAKE BEGGARS

The Maysville papers are starting a movement against fake solicitors for various alleged charitable organizations, but who in reality represent nobody but themselves. The fact is that the whole system of traveling begging should be sent to the discard. A man or woman who is worthy of help can get it in the community where he or she resides, and each community has its own worthy poor or unfortunate to take care of and it is not charity to support a lot of unworthy fakers. When they make their little hard luck spiel, just ask them where they hail from and why they did not get relief at home, and see what they say.

### RESPECTFULLY REFERRED TO MESSRS. DAVIS AND DAILEY

When George Roberts, veteran guide at Pass-a-Grill, reported seeing a gold tarpon swimming in Florida waters he was ridiculed, but a few days later Arthur Henderson, St. Petersburg fisherman, succeeded in catching a fish of that description.

Whether the fish hooked by Henderson was the same one sighted by Roberts has not been established, so it is not known whether the single specimen is an oddity of nature or whether there are others of the same kind.

The ordinary color of the tarpon is silver, which has caused it to be known as the "silver king," as it grows to large size and is considered the gamest of fish, always putting up a hard battle before being landed.

### HAYDEN TO COACH KY. WESLEYAN COLLEGE

Basil E. Hayden, of Paris, High School graduate and former football and basketball star at the University of Kentucky, has been engaged as field coach at the Kentucky Wesleyan College, in Winchester for the coming year. He will assume his duties early in September. Hayden is a finished athlete, and has made an enviable record on college teams, starting in football and basketball. He is a son of Mr. and Mrs. J. W. Hayden, of Paris.

### First-Known Englishman.

The first-known Englishman, according to scientists, was the Pittdown man, so called from a part of a skull found at Pittdown, in Sussex. The brain capacity is equal to the smaller human brain of today.

### NEW CLUB WORK CIRCULAR READY FOR DISTRIBUTION

A new manual on junior agricultural clubs has just come off the press at the College of Agriculture at Lexington and is ready for free distribution to interested persons. In addition to a number of illustrations showing various phases of club work among farm boys and girls of the State, the new publication contains more than 100 pages of detailed discussions dealing with the work. The information is divided into seven chapters, these dealing with the organization and direction of clubs, instructions on club projects, certificate of merit courses, the junior community club and its program, junior club contests, county camps and junior club exhibits and contests. In addition, the new circular contains a list of 100 best books for boys and girls. It may be obtained free by writing the Experiment Station at Lexington and asking for Circular No. 117.

### BOB WHITE A N ENEMY OF CORN ROOTWORM

The bob-white eats the adults or beetles of the corn rootworm, which lays eggs that later become larvae or worms and infest the corn. As many as twelve of the beetles, according to the Bureau of Entomology of the United States Department of Agriculture, have been found in the stomach of one bob-white. The red-headed woodpecker, nighthawk, cardinal, kingbird, and phoebe also eat the beetles and reduce the damage done by the Southern corn rootworm.

### LABOR UNIONS ARE AN INSTITUTION

A feature of the growth of our large industrial institutions has been the melting together of labor groups into unions. The old policy of "firing" a man has passed, and today millions of American workmen carry on their negotiations with their employers through their leaders, thus giving them representation in groups. During the war the Government gave full recognition to labor unions; and in the handling of the affairs of railroad operators the railroad owners and the Government have dealt with the unions, or "brotherhoods," as they are called. All will admit that the system is proving satisfactory.

A decision by the United States Supreme Court holds that labor unions are an institution. Originally the unions were a sort of society or a band of workmen grouped together for a common purpose. But if this was once the case, it is no longer so. In deciding the celebrated Coronado coal case the Supreme Court held that labor organizations, although unincorporated, are amendable to the Sherman anti-trust act, and that under it such organizations may be prosecuted for restraint of interstate commerce. The Court also held that labor unions are suable. Chief Justice Taft announced the decision for the full bench, and there was no dissent.

### LEVY—The Dry Cleaner

IS EQUIPPED TO DO THE RIGHT KIND OF DRY CLEANING

WEATHER AND CROP CONDI-  
TIONS IN KENTUCKY

The temperature averaged near normal, but rose gradually toward the end of the week. Light scattered showers occurred over the State and good rains in a few localities; but in general precipitation was too light to have more than a temporary effect. The dry areas in the northern blue grass region and western counties are becoming more extensive. In fully half the area of the State crops are badly in need of rain. In the dry districts oats and potatoes are poor, but other crops have not been injured seriously by the dry weather. In such localities the growth of early corn is being retarded, otherwise this crop is in good to excellent condition and continues to make rapid progress. Early tobacco is unusually advanced, some being nearly ready for topping. Almost continuous dry weather since transplanting late tobacco has caused some of it to die and is delaying growth. Wheat harvest was completed during the week and threshing commenced. Favorable weather caused the grain to dry out rapidly, and it is sound and well cured; but there is complaint from all districts of disappointing yields. Pastures are fair to good in most of the States, but are becoming short in the dry districts. Timothy hay harvest is under way, with the weather favorable for rapid curing and good quality of hay. The second crop of alfalfa is being cut under favorable conditions. Gardens are generally good, but some vegetables are drying up from lack of moisture.

The author of that magazine article on "Prohibition as an aid to Thrift" evidently hasn't had any transactions with bootleggers.

SOUTHERN RAILWAY STARTS  
SUMMER TOURIST SERVICE

The summer tourist season has been opened by the Southern Railway System with the inauguration of the "Land of the Sky Special," giving over-night service between Asheville and the Southeast with through sleeping cars from Wilmington, Charleston, Savannah, Atlanta and Macon.

Through car service to Asheville for this season covers a broader territory than ever before and all the Western North Carolina resorts are expecting record crowds. Through sleeping car lines have been established to Asheville from Chicago and St. Louis in addition to which the lines from New Orleans, Mobile, Montgomery, Birmingham and Chattanooga have been re-established for the summer.

Sleeping car lines have also been established between Memphis, Tenn., and Richmond, Va., via Asheville and between Cincinnati, O., and Goldsboro, N. C., via Asheville.

In addition to the service in effect the year round, these new lines give through sleeping car facilities to Asheville from all sections of the South and from practically every important city east of the Mississippi River.

## AMERICAN LEGION STARTS "CLEAN-UP DRIVE"

The Federal Government has been liberal in the provisions of its legislation in favor of those among its fighting personnel who were disabled during the World War. The 1922 Legislature, realizing that many eligible Kentuckians had failed to prove their claims through technicalities or ignorance, created Kentucky Disabled Ex-Service Men's Board, which was organized on March 1, 1922.

Jackson Morris, Emmett O'Neal and Henry J. Stites, who with Mrs. Margaret L. Duncan, are the members of the Board, have personally visited more than half of the counties in Kentucky, where in every instance they have found many meritorious cases and so state that strenuous efforts are needed if the State will be successful in getting disabled Kentuckians to file claims before August 9, 1922, when the Statute of limitations takes effect under Section 306 of the Sweet Bill.

In a last mighty effort, the American Legion is putting on a "Clean-Up Drive, commencing June 30, and running through July 11 and in its intensity rivaling the Liberty and Victory Loan Drives of war days.

Plans were perfected in a series of division conferences held in Bowling Green, Winchester, Ashland, Covington, Princeton, Shelbyville and Danville. Each American Legion Post sent its service officer and campaign chairman to the nearest division conference, which were also attended by officials of the United States Veterans' Bureau who explained the procedure, forms and evidence required by the Government in establishing claims.

Persons disabled during the world war must file claims for compensation prior to the limitation period which expires August 9th, 1922, as otherwise they will have waived their right under Federal Legislation.

### GLORIA SWANSON, IN "UNDER THE LASH"

Gloria Swanson is the beautiful and accomplished star of "Under the Lash" her new Paramount picture which comes to the Alamo and Grand this afternoon and to-night.

The story deals with a young woman who is married off by her sordid relatives to a rough fanatical Boer farmer on the veldt in South Africa. He treats her as his slave and threatens her constantly with his whip. One day a young Englishman enters her life and she falls in love with him. The discovery of the truth by the husband provokes developments of the most dramatic character.

Miss Swanson's leading man is Mahlon Hamilton, well known player, and others in the excellent cast include Russell Simpson, Lillian Leighton, Lincoln Steadman, Thena Jasper and Clarence Ford.

#### NEWSPAPER ADVERTISING BY PUBLIC UTILITIES A PUB- LIC SERVICE

That the newspaper is the most ef-  
fective of all advertising mediums  
and that it has played a wonderful  
part in the success of his company  
is the statement of Robert M.  
Searle, President Consolidated Gas  
& Electric Corporation, Rochester,  
N. Y. He says, further:

"Newspaper advertising is the  
shortest route to maximum business,  
therefore it is the shortest route to  
lowest cost to those we serve. There  
are many other reasons why newspa-  
per advertising is a public service.

"Through it the people are kept  
in touch with the operations of a  
company whose products, under pres-  
ent day conditions of living, are  
numbered among the necessities of  
life.

"Through it we keep constantly  
before people their duty to them-  
selves in using our services to avoid  
excessive physical effort or drudg-  
ery and to save time and money.

"Through it we stimulate thrift  
by advancing forceful reasons why  
people should invest in our securities  
which have all the elements of safe-  
ty and which pay a high rate of re-  
turn.

"Through it we teach the many  
advantages of our guaranteed gas  
coke particularly as a domestic fuel;  
teach them how to use it and the  
money saved because of its use.

"Through it we save human life  
by stating the dangers existing in  
certain situations beyond control ac-  
cruing to the distribution of gas and  
electricity.

"Through it we emphasize to the  
people what co-operative effort  
can do for the progress of the city.

"Through it we stimulate the  
boosting spirit of the community by  
boosting civic movements ourselves.

"Through it we teach how to get  
the most service in gas and electric-  
ity at the least cost; how, by the use  
of gas and electric devices much  
time, labor and money can be saved.  
Manufacturers are reminded of the  
possibilities of increased production,  
better products, and better working  
conditions through use of gas and  
electricity.

"Through it we tell the people  
that they have a right to fair and  
courteous treatment from us at all  
times. This has a salutary influ-  
ence on our employees, who are  
thereby reminded of what is expect-  
ed of them in their dealings with  
the public."

#### FIVE HUNDRED CONTRACTS AD- DED TO POOL

More than 500 contracts were  
added to the signed membership of  
the Burley Tobacco Growers' Co-  
operative Association during the  
past week, not counting the West  
Virginia and Eastern Ohio territory,  
in which Manager Clifton Rhodes  
and his staff of workers are said to  
be making considerable progress in  
the face of a determined fight made  
by warehouse and speculative inter-  
ests.

More than 1,500,000 pounds of to-  
bacco are added to the holdings of  
the association by the past week's  
work, it was said at the office of the  
field service division. Assistant  
Chief Wm. Collins spent most of  
the past week in the western part  
of the district, in the counties of  
Barren, Hart, Larue and Metcalfe,  
aiding local workers in perfecting  
cognate organizations.

The belief is steadily growing  
among members of the association  
that the sign-up of growers will be  
so thorough that not enough to-  
bacco will be left to be marketed  
through the few loose leaf ware-  
houses operating in the burley dis-  
trict to make the business profitable  
this year. Some counties have an  
almost unanimous sign-up and in  
many others the amount signed up  
to the association constitutes about  
90 to 95 per cent of the production.  
The campaign for new members  
is to continue through the summer,  
until every grower of burley tobacco  
in the district has had opportunity  
to join the association, it was said  
at the field service division offices.

#### "CAREFUL CROSSING" CAMPAIGN BY RAILROADS

A "Careful Crossing" campaign is  
to be conducted for four months by  
railroads throughout the United  
States and Canada. In 1921, accord-  
ing to records, there were 1,702  
fatal accidents at highway grade  
crossings, and 4,818 persons injured.  
The great majority of the accidents  
involved automobiles, the machines  
striking trains, or being struck by  
engines or cars. During the cam-  
paign efforts will be made to im-  
press the drivers of automobiles es-  
pecially with the necessity of cau-  
tion when crossing railroad tracks.

#### ARTIFICIAL SNAKES DON'T DIS- COURAGE BIRDS

In vain a Middleport, Ohio, res-  
ident tried to keep robins and cat-  
birds out of his well-filled cherry  
trees. Finally he hit upon a plan.

Cutting up the lawn hose he  
placed sections of it through the  
trees in such a way as to resemble  
snakes.

The result? Oh, yes!  
He admits that the birds came  
even more freely, ate the fruit and  
then wiped their bills on the hose.

#### LILLIAN RUSSELL'S TEN MAXIMS

The sudden death of Lillian Rus-  
sell brought forth so many eloquent  
eulogies to this remarkable woman,  
from so many distinguished sources,  
that even more interest than before  
attaches to her sincere and straight-  
forward autobiography now appear-  
ing seriously in Cosmopolitan Mag-  
azine.

In this self-revealing record,  
which will probably be published in  
book form when it has been com-  
pleted in magazine installments, she  
offers ten maxims for feminine  
guidance. They sum up the philoso-  
phy of her own highly effective life,  
and, even if it had not been so ad-  
equately established through other  
means, they would have proved her  
a woman of extraordinary common  
sense and insight. Read them and  
see if you don't agree:

(1) Have faith in your mirror,  
though you doubt all other friends.

(2) Femininity means the power  
to make or unmake men.

(3) Let your first glimpse of the  
day be heavenward.

(4) Common sense is the most  
glorious gift a woman can possess,  
for it is the mainspring of all of  
the workings of her mind.

(5) Your appearance is but your  
introduction; your reality is within.

(6) Smile honestly and you are  
obeying God's commandment "to  
give." Give joy and pleasure and  
you will reap the reward a hundred-  
fold.

(7) Beauty may be judged from  
any point of view. We Americans  
are young enough to take Nature as  
our model.

(8) All things are just as beauti-  
ful and good as they appear.

(9) It is better to leave some-  
thing yet to be done, than to spoil  
everything in the overdoing.

(10) I cannot imagine anyone en-  
joying life who does not acknowl-  
edge goodness and blessedness.

#### FORMER SECRETARY OF STATE CANDIDATE FOR CONGRESS

Dr. Benjamin L. Bruner filed with  
Secretary of State Fred A. Vaughn  
at Frankfort his declaration as a  
candidate in the August primary for  
the Republican nomination for Con-  
gress from the fifth Kentucky dis-  
trict, embracing Louisville and Jef-  
ferson county.

Congressman Charles F. Ogden  
has announced definitely that he  
will not be a candidate to succeed  
himself.

Doctor Bruner was secretary of  
State of Kentucky during the ad-  
ministration of former Gov. A. E.  
Wilson and was the Republican  
nominee for United States Senate,  
being defeated by Senator A. O.  
Stanley.

#### YANK MUSIC PEPPIEST, FRENCH DANCERS CLAIM

"A jazz-band without American  
musicians is like a restaurant with-  
out a French chef." That is why,  
according to the proprietor of a pop-  
ular tea-dansant place in the fa-  
mous woods, the Bois de Boulogne,  
Paris, France, may lose its jazz-  
music.

Resorts that enjoy jazz-bands  
are being reminded by the authori-  
ties that a law exists limiting their  
foreign personnel to 10 per cent of  
the total number employed in any  
single capacity.

That means that out of an or-  
chestra of ten jazz artists, only one  
may be of the American "peppy" va-  
riety. One such alone, the proprie-  
tors of the restaurants and cafes as-  
sert, cannot make enough discords to  
please the dancers. French musi-  
cians, they confess, lack talent in  
this direction. Only Americans—  
North or South—can make the jazz  
jazzy enough.

#### NEWSPAPER BOOTLEGGER HAS HIS DAY AT HERRIN

The Williamstown county mine  
war in Illinois has produced a new  
type of bootlegger. The Herrin, Ill.,  
news stands were informed that if  
they sold any out of town papers  
containing accounts of the  
fighting they would be "treated  
roughly." The news stands prompt-  
ly closed. Local papers published  
comparatively small accounts, and  
in fact nowhere in the country is  
less news of the massacre published  
than right there, five miles from the  
scene.

Occasionally a person can slip in  
the back way of a news stand—just  
as if he were seeking a drink—and  
by whispering softly to the vender,  
receive a little package which is  
hastily slipped into one's pocket.  
Unfolded it is that sought possession  
—an out of town paper with a com-  
plete story of the trouble.

Needless to say the prices have  
risen in accordance with the law of  
supply and demand, and real boot-  
legger's figures are asked.

#### STRIKE OIL IN MONTGOMERY COUNTY

A good flow of oil was struck at a  
depth of 460 feet near Jeffersonville,  
Montgomery county, by the Keal Oil  
Company, of Cincinnati. When the  
well filled to about 150 feet it was  
sealed while the operators went to  
secure new casing. The operators  
are planning to sink another well on  
a new location near Jeffersonville.

#### MEMORIAL FUND IS NOW \$185,611

A total of \$185,611 has been sub-  
scribed for the memorial building to  
be erected on the campus of the  
University of Kentucky in honor of  
Kentucky's war dead, it was an-  
nounced at a meeting of the execu-  
tive committee in the Security Trust  
Company building.

The actual total probably is  
higher, as some campaign commit-  
tees have not reported the amount  
collected, it was said. Advisability  
of expending \$200,000 for the build-  
ing, \$225,000, or \$300,000, the goal  
set at the commencement of the  
drive, was discussed by the commit-  
tee. Another drive will be launched  
in October among the students at  
the university and alumni over the  
State in an endeavor to raise the re-  
maining \$114,389.

Lower building costs will enable  
the committee to select a building  
to cost less than was anticipated  
at the commencement of the drive.

#### WORK WILLING TO CUT PUBLI- CATION POSTAGE

Postmaster General Hubert Work  
is understood to have told President  
Harding during a recent cabinet  
meeting that he would readily agree  
to legislation reducing rates on sec-  
ond class mail matter if some meth-  
od was evolved whereby the post-  
office would not sustain a deficit.

The present rates as applied to the  
larger shippers, he is said to believe,  
are too high, or publishers would  
not be utilizing private agencies in  
the transportation of their products.

Under the proposed rates said to  
have been suggested by publishing  
houses, the government's revenues,  
it was declared, would be decreased  
by approximately \$7,000,000. Such a  
reduction would mean a saving of  
about \$10,000,000 annually to the  
publishers, the latter were said to  
have estimated, adding, however,  
that in the event of reduced rates  
a much greater volume of business  
diverted from express and railroad  
companies would make up any de-  
ficit and would result in a profit of  
several million dollars to the de-  
partment.

If assured by the publishers of  
sufficient business to meet any ad-  
ditional expense on the part of the  
department, the postmaster general  
was willing to go before congress,  
his advisers said, and recommend a  
reduction in rates.

## TEACHERS LIKE SUMMER STUDY COURSES

Stories of the eagerness of Kentucky school teachers to better their standing are almost daily being sent to Prof. J. C. Lewis, head of the department of teacher training in the State Department of Education. Stories are told of teachers who walk or ride long distances twice daily to attend the sixty-five summer schools now being conducted by the State.

Reporting from Cumberland county, W. P. Johnson, principal of the school, writes that a crippled teacher rides twelve miles from his home to the school at Burksville each morning and back home at night to attend school. This man has a son who requires his attention, and for this reason he must be at home.

Another man walks fifteen miles each Monday and Friday and takes

care of a farm on Saturday and Sunday.

A woman 60 years old, who has taught school for thirty years, travels fifteen miles daily to attend.

The summer schools, according to Prof. Lewis, are meeting with a hearty reception by the teachers who must, by 1926, reach a certain training standard. Every one of the sixty-five schools has an attendance that exceeds that for which the State appropriates money and the counties or the students themselves are paying the extra expense incurred.

The 1922 general assembly provided \$50,000 for the summer schools and made them take the place of the old teacher institutes.

The author of that magazine article on "Prohibition as an aid to Thrift" evidently hasn't had any transactions with bootleggers.

## AN ACT OF KINDNESS

A Paris Resident Speaks Publicly For the Benefit of Paris People

If you had suffered tortures from kidney trouble, Had experimented with different remedies without relief; If you were finally cured through a friend's suggestion— Wouldn't you be grateful?

The following statement has been given under just such circumstances: Mr. Link has used Doan's Kidney Pills.

He publicly tells of the benefit he has received.

His is a simple act of kindness to other Paris sufferers.

No need to experiment with such convincing evidence at hand.

Mr. Link speaks from experience. You can rely on what he tells you.

Robert Link, proprietor grocery store, corner High and Eighth streets, says: "I have found Doan's Kidney Pills the best kidney medicine I ever used and can't recommend them too highly. My back gave me no end of trouble and there was a steady ache just over my kidneys. My kidneys acted too frequently. I began using Doan's Kidney Pills and in a short time I was completely rid of the trouble."

Price 60, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Link had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## SCHOOL HEAD FORCES BOYS TO WEAR COATS

The school rule that all boys, no matter how high the temperature went, must be fully dressed before they enter the school was enforced in the Lawrence and Portsmouth (N. H.) high schools by Principals Horne and Gray. Those who violate this rule are punished.

During a warm wave several of the boys went to school in their shirt sleeves. They were sent home by the principals. Boys with their collars and coats on are forced to sit sweltering in their respective classes, where their girl schoolmates, with sleeveless blouses and throats exposed, are as cool as cucumbers.

Says Uncle Eben.

"De truth," said Uncle Eben, "is all dat counts in de long run. Tellin' a man de world is flat instid o' round, simply reminds him of de fact dat it ain't."

—To the surprise of every one, Col. and Mrs. C. M. Best have purchased a home in the East, at Langhorn, Penn., twenty-three miles out of Philadelphia. Langhorn is one of the many beautiful suburbs of Philadelphia, on the Trenton Road, between New York City and Philadelphia. Col. and Mrs. Best will dispose of their property here and hope to leave early in August. Capt. Roche will go with them. They have been connected with the educational interests of Millersburg for a number of years, and were the founders of the Millersburg Military Institute, which they built up to a high standard as an educational institution for young men. Graduates from this school are scattered all over the United States, many of them holding high and responsible positions, both in colleges and the business world. Col. and Mrs. Best have taken an active part in everything pertaining to the interest and uplift of Millersburg, and their leaving us will be regretted by their host of friends.

## Why Buick Cushions "Ride Easy"

Buick cushions are comfortable on all roads because of their "double-deck" springs and resilient hair pads. The upper springs, which are light and easy-acting, yield to the slightest road irregularity. The lower springs are larger and stiffer. They come into play on rough country roads, carrying the passenger in comfort over bumps which cause the ordinary seat to "strike bottom".

Between the springs and the French-plaited leather upholstery are two thick, yielding pads of interlaced hair which positively prevent "lumping".

In Buick seat cushions, as in every other part of the car, is built the quality which has made Buick cars the standard of comparison.

## DEATHS

Life Is But A Brief Span, A Debt  
That All Must Pay

### BRODERICK

—George F. Broderick, aged sixty-three, who suffered a stroke of paralysis last Thursday while standing on the street, died Thursday night.

Mr. Broderick was a native of Nicholas County, coming to Bourbon county a few years ago and engaging in farming. He was a son of the late Mrs. Patrick Broderick, of Nicholas county. He is survived by his widow, Mrs. Mary Broderick, an adopted son, Clay Broderick, of Paris, one sister, Mrs. Emily Shields, of Mt. Olivet, and a brother, J. B. Broderick, of Bartonsville.

The funeral was held at the family residence on Lileston avenue, Sunday afternoon, at three o'clock, with services conducted by Rev. Triplett, of Mt. Sterling. The interment followed on the family lot in the Paris Cemetery.

### HODGE

—Mrs. Sarah Hodge, aged fifty-seven, died Sunday night, at her home near Escondida, after a short illness, due to a complication of diseases. Mr. Hodge was a daughter of the late Andrew Ingram, and widow of William Hodge, of near Escondida.

She is survived by two daughters, Mrs. Lillie Coldiron, of Escondida, and Miss Alice Jefferson, of Winchester; two sons, Harrison and Ernest Hodge, both of Escondida; and three brothers, Wm. Ingram, of Virginia, Jackson Ingram, of McVeigh, Ky., and Richard Ingram, of Oklahoma.

The funeral will be held at the Bethlehem church, in Clark county, this afternoon, the funeral cortege leaving the home at 12:30 o'clock. The interment will take place in the cemetery at the Bethlehem church.

### HUNT

—Mrs. Bertha Hunt, aged twenty-one, of Lake City, Iowa, died at the Massie Memorial Hospital, in this city, Saturday morning, after a short illness.

Mrs. Hunt, with her husband, Albert Hunt, were members of the Lorman-Robertson Carnival Company which filled an engagement here about four weeks ago, at which time Mrs. Hunt was taken ill with typhoid fever and taken to the Massie Hospital.

The body was prepared for burial and sent Sunday morning to her old home at Lake City, where the funeral and interment will take place to-day. Mr. and Mrs. Hunt

made many friends during their stay here.

Besides her husband, Mrs. Hunt is survived by her father, Mr. Bert Trullinger, of Minnesota, who was at her bedside when the end came and one brother, Eldon Trullinger, of Minnesota.

### PARIS BOY WINS HONORS

Albert J. Dempsey, son of Mr. and Mrs. Jas. B. Dempsey, of Paris, graduated with high honors last week at the Wisconsin School of Engineering in Milwaukee. Mr. Dempsey will in the near future, take a position with the Smith Steel works, in Milwaukee, as assistant to the master mechanic. Mr. Dempsey was vice-president of the class of 1922 at the school.
